

How dose it works?

FlatRover

connects pet owners with caring and responsible people who love to travel and look after pets in exchange for a place to stay (sitters). If you're a pet owner, you can find someone reliable to care for your home and pets while you're away. If you love animals and enjoy exploring new places, you can stay in welcoming homes while providing pet care.

To interact with other members and start your journey, you'll need an active membership

.

- For pet owners – An active Pet Owner Membership allows you to post dates, connect with sitters, and find the perfect match for your pets.
- For sitters – An active Sitter Membership gives you access to browse listings, apply for sits, and communicate with pet owners.

With an annual subscription, pet owners can find an unlimited number of trusted sitters for their home and pets throughout the year. Sitters, in turn, can travel year-round with FlatRover, securing unlimited pet-sitting opportunities in homes around the world.
